

IgA nephropathy

May 26-28 2009, Stresa [Lago Maggiore], Italy

An official Satellite Symposium of the World Congress of Nephrology

Convenors: Rosanna Coppo [Italy]; John Feehally [UK]

Dear Colleagues,

We would like to invite you to join the WCN 2009 Satellite Symposium on IgA Nephropathy which will be held in Stresa (Lago Maggiore), Italy, 26-28 May 2009.

The programme presented by leading experts on IgA nephropathy from all over the world has been designed to highlight emerging research findings which require analysis and discussion. Free communications [oral and poster] which present new data are welcomed. Keynote lecturers will summarise current 'state of the art', putting their work in the context of recent literature, and reviewing different hypotheses on particular issues

The Berger Prize for the best free communication will be awarded to an investigator aged < 40 years

Please put this meeting in your diary now and look out for further information on the websites: www.igan-world.org or www.wcn2009.org

We look forward to meeting you there

Rosanna Coppo, John Feehally
