

WCN 2009 Satellite Symposium – May 2009

IgA Nephropathy

Organisers: Rosanna Coppo, John Feehally

On behalf of: International IgA Nephropathy Network

Stresa (Lago Maggiore) - Italy – 26-28 May 2009

Principles

- Up-to date from the most relevant experts on IgA nephropathy getting together from all over the world.
- Free communications – oral and posters are encouraged to present new data for panel discussion.
- Poster sessions with no 'competition' in the programme, discussion at the posters lead by senior figures. Up to 45 posters will have a short oral presentation at the podium.
- No parallel sessions, in order to allow those who attend a very broad educational experience.
- Berger Prize for best free communication by investigator age < 40 years.
- Keynote lecturers will
 - Summarise current 'state of the art', not just presenting their own data, but put their work in the context of the other recently published work.
 - Present in a controversy style when this is suitable to show different views on a particular issue.

The balance of the programme is based on the organiser's awareness of emerging research findings. Topics with most new data, requiring analysis and discussion will be favoured. More 'static' topics will have briefer coverage or be excluded.

Final programme circulation: September 2008

Call for abstracts: January 2009

Abstract closing date: February 28, 2009

	Topic	Speakers	<i>Time allotted</i>
Tuesday May 26th			
4.30 pm	Welcome coffee		
5.30 pm	Opening Ceremony		
6-7 pm	'IgAN: where have we got to and what do we need?'	R.Coppo (Italy) J Feehally (UK)	<i>20 minutes</i> <i>20 minutes</i>
7 pm	On the lake shore together		

	Topic	Speakers	<i>Time allotted</i>
Wednesday May 27th			
Session 1 8.30 am 20 min	Structure & function of IgA in health Key note speaker	M Kerr (UK)	<i>20 minutes including short questions</i>
Session 2 8.50 am 60 min	Abnormalities of the IgA molecule Key note speakers Discussion <i>plus 1 free communication</i>	J Novak (USA) Y Hiki (Japan)	<i>20 min 20 min 10 min 7+3min</i>
Session 3 9.50 am 65 min	Biological effects of abnormal IgA related to pathogenesis and progression of IgAN Key note speakers Discussion <i>plus 2 free communications</i>	C van Kooten (NL) KN Lai (Hong Kong)	<i>20 min 20 min 10 min 7+3 min 7+3 min</i>
10.55 am	Coffee		
Session 4 11.15 am	Renin – angiotensin system in IgAN	J Egido (Spain)	<i>20 min including short questions</i>
Session 5 11.35 am 65 min	IgA Receptors Key note speakers Discussion <i>plus 1 free communication</i>	To be confirmed To be confirmed J Barratt (UK)	<i>15 min 15 min 15 min 10 min 7+3 min</i>
Session 6	Moderated Poster	15 poster presentations	

12.40 1 hour	Session: Biology of IgAN Genetics of IgAN	3 min+1= 4 min	
1.40 pm	Buffet Lunch & poster viewing		
Session 7 2.40 pm 1 hour	Genetics of IgAN Key note speaker Discussion <i>plus 2 free communications</i>	FP Schena (Italy) Ali Gharavi (USA)	<i>15 min 15 min</i> <i>10 min</i> <i>7+3 min 7+3 min</i>
Session 8 3.40 pm 40 min	Role of animal models in study of IgAN Key note speaker <i>plus 2 free communications</i>	Floege J (Germany)	<i>20 min including short questions</i> <i>7+3 min 7+3 min</i>
4.20 pm	Coffee		
Session 9 4.40 pm 1 hour	Biomarkers in IgAN Key note speaker Discussion <i>plus 2 free communications</i>	B Julian (USA) To be confirmed	<i>15 min 15 min</i> <i>10 min</i> <i>7+3 min 7+3 min</i>
5.40 pm 1 hour	Moderated Poster Session: Natural history Risk factors Infections	15 poster presentations 3 min+1= 4 min	
7.30 pm	Reception & Dinner		

	Topic	Speakers	<i>Time allotted</i>
Thursday 28th May			
Session 10 8.30 am 1 hour and 50 min	Clinicopathological classification of IgAN Key note speakers Discussion <i>plus 2 pathology free communications</i> <i>plus 2 risk factors free communications</i>	<u>Pathologists' view</u> To be confirmed To be confirmed <u>Clinicians' view</u> To be confirmed To be confirmed	<i>15 min</i> <i>15 min</i> <i>15 min</i> <i>15 min</i> <i>10 min</i> <i>7+3 min</i> <i>7+3 min</i> <i>7+3 min</i> <i>7+3 min</i>
Session 11 10.20 am 30 min	Transplantation and IgAN Key note speaker <i>plus 1 free communication</i>	C Ponticelli (Italy)	<i>20 min including short questions</i> <i>7+3min</i>
10.50 am	Coffee		
Session 12 11.10 am 1 hour and 20 min	Treatment of IgAN Key note speakers Discussion	C Pozzi (Italy) M Praga (Spain) To be confirmed To be confirmed A Amore (Italy)	<i>10 min</i> <i>10 min</i> <i>10 min</i> <i>10 min</i> <i>10 min</i> <i>20 min</i>
Session 13 12.30pm 1 hour	Moderated Poster Session: Treatment	15 poster presentations 3 min+1= 4 min	
1.30 pm 20 min	Summary of Meeting	R Glassock (USA)	<i>20 min</i>
1.50 pm	Close of Meeting		
2.00 pm	Farewell buffet
